

Report #:DOE/EIA-0554(2009)
Release date: March 2009
Next release date: March 2010

Assumptions to the Annual Energy Outlook 2009

Table 13.5. Planned U.S. Central Station Generating Capacity Using Renewable Resources for 2004 and Beyond¹

| | Geothermal | Hydro | MSW | Solar PV | Solar Thermal | Biomass | Wind | Total |
|------|------------|-------|-----|----------|---------------|---------|---------|---------|
| 2008 | | 8.98 | | 1 | | | 8692.45 | 8702.43 |
| 2009 | | | | 1 | | | 895.25 | 896.25 |
| 2010 | | | | 1 | | | | |
